Utility Assistance Program... Changing of the times!!!

A new environment of change and innovation is coming to Maricopa County. With the new financial challenges, we have changed some of the previous service methods.

Effective July 1, 2012, the FSL North West CAP office and the Town of Buckeye CAP will no longer be providing Maricopa County Utility/Rent/Mortgage/Weatherization assistance programs to their residents.

Buckeye area residents will be provided services through the Gila Bend CAP. Gila Bend CAP staff will have regularly scheduled office hours in Buckeye to provide services locally. For an appointment **in Buckeye call (928)683-6502.**

Residents of the North West Services area (Peoria, El Mirage, Surprise, the Sun Cities, Anthem, Cave Creek, Carefree, and surrounding areas) are asked to call the utility assistance phone line noted below. Callers will be provided information regarding available volunteers.
